

The Back Packers Guide to the Broadwater Vol 1:

by: Andy Gardner (*aka Capatin Andy, aka Broadwater Legend*)

Too Easy Tours

Welcome Your Too Easy Tour Adventure Awaits !

G'day guys captain Andy here, if your reading this book like me you have a keen sense of adventure and love to explore. This guide has been personally designed for anybody who is thinking of traveling to Australia for an adventure of a life time. In this guide we will taking you out on to famous Gold Coast Broadwater which showcases incredible islands and stunning wildlife. On this tour you will be riding on one of our high powered jet skis, they are quick nimble and able to access areas that others would only dream of. Since a young age I have always had a fascination with the sea and have been lucky enough to grow up around boats and jet skis which has become a strong passion of mine. Since moving from the UK to Australia some years ago that passion has become even stronger with the beautiful shorelines and views that Australia has to offer. Since my arrival and being surrounded by so much beauty I decided to turn my passion into a business and have launched a company called "Too Easy Tours" which is a jet ski adventure company based on the Gold Coast offering full guided jet ski tours around the Broadwater and surrounding islands.

Too Easy Tours

The Gold Coast Broadwater, also known as Southport Broadwater, Gold Coast Harbour and The Broadwater, is a large shallow estuary of water located in the Gold Coast district of South East Queensland, Australia. The estuary reaches from Southport in the south, to the southern section of Moreton Bay in the north. The only thing separating the Coral Sea and the Broadwater is a thin strip of land called Stradbroke Island. Due to the colossal size of the Broadwater it not only comes under the Gold Coast region but also stretches all the way up as far as the Morton Bay region.

The Broadwater its self is surrounded by a variety of natural as well as man made islands such as wave break island which was created in 1985 to protect the foreshore of the Broadwater and shelter it from the crashing waves rolling in from the Corel sea.

Too Easy Tours

Due to the large amount of islands and sheltered waters The Broadwater has become a popular destination for boats and jet skis enthusiasts who are looking to explore and take in the breath taken views that the Gold Coast and Southern Morton Bay region has to offer.

The purpose of this book is to illustrate just how many hidden wonders there are in and around The Broadwater from a Tour guides view.

Not only will I provide a little history but I aim take you on a trip across the Broadwater and tell you about some of the must see destinations on the way .

There are many islands that surround the Broadwater including Wave Break, The Sovereigns, Coomera, Crusoe, Eden, Stingray, Paradise, Kangaroo, Woongoompa and both North and South Stradbroke Island.

Well that's enough history for now, get that sun screen on, let's get these skis in the water, mount up and let's get this adventure of a life time underway...
